| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                  | Synthetic peptide corresponding to 14aa near the middle of human TLR10. Epitope: aa600-650. Species Sequence Homology: bovine                                                                                                                                 |
| Product Description        | Toll-like receptors (TLRs) are signaling molecules that recognize different microbial products during infection and serve as an important link between the innate and adaptive immune responses. These proteins act through adaptor molecules such as MyD8... |
| NCBI                       | <a href="#">88667</a>                                                                                                                                                                                                                                         |
| Purity                     | Purified by Ion Exchange chromatography.                                                                                                                                                                                                                      |
| Form                       | Supplied as a liquid in PBS, pH 7.2. Labeled with Fluorescein isothiocyanate (FITC).                                                                                                                                                                          |
