| Category                   | Molekularbiologie                                                                                                                                                                                                                                                |
| Application                | ELISA, WB                                                                                                                                                                                                                                                        |
| Product Description        | Location: 16aa from the middle of mouse TLR11 (1). Applications:<br>The peptide is used for blocking the activity of TLR11 (IN) antibody. It usually blocks the antibody activity completely in Western blot by incubating the peptide with equal volume of a... |
| Purity                     | Purified                                                                                                                                                                                                                                                         |
| Form                       | Supplied as a liquid in PBS, pH 7.2, 0.1% BSA, 0.02% sodium azide.                                                                                                                                                                                               |
