| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, FLISA, IHC, IP, WB                                                                                                                                                                                                                                     |
| Immunogen                  | Mixture of cTnI and cTnI in native complex.                                                                                                                                                                                                                   |
| Product Description        | Applications: Suitable for use in ELISA, Western Blot, Immunoprecipitation and Immunohistochemistry. Other applications not tested. Recommended Dilutions: Optimal dilutions to be determined by the researcher. Storage and Stability: Store product at 4... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [7E146]                                                                                                                                                                                                                                                       |
| Isotype                    | IgG1                                                                                                                                                                                                                                                          |
| Purity                     | Purified by Protein A affinity chromatography from ascites.                                                                                                                                                                                                   |

|      |                                                                                                                                       |
|------|---------------------------------------------------------------------------------------------------------------------------------------|
| Form | Supplied as a liquid in PBS, pH 7.2. No preservative added. No stabilizing proteins added. Labeled with Horseradish peroxidase (HRP). |
