| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Immunogen                  | Recombinant protein corresponding to mouse TNFa, expressed in E. coli.                                                                                                                                                                                        |
| Product Description        | Tumor Necrosis Factor alpha (TNF-alpha) is a 17.3kD multi-functional pro-inflammatory cytokine primarily secreted by macrophages, but also produced by T and B lymphocytes, activated monocytes and fibroblasts. TNF-alpha exists in both a transmembrane ... |
| UniProt                    | <a href="#">P06804</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Form                       | Supplied as a lyophilized powder from PBS, pH 7.4. No preservative added. Reconstitute with sterile ddH2O to 0.1-1mg/ml.                                                                                                                                      |
