| Manufacturer               | US Biological                                                                                                                                                                                                                                                  |
| Host                       | Rabbit                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                     |
| Application                | ELISA, WB                                                                                                                                                                                                                                                      |
| Immunogen                  | Uridine-5-diphosphoglucose dehydrogenase isolated and purified from bovine liver.                                                                                                                                                                              |
| Product Description        | Applications: Suitable for use in Immuno-electrophoresis, RID, ELISA, Western Blot and Inhibition. Other applications have not been tested. Recommended Dilutions: Optimal dilutions to be determined by the researcher. Storage and Stability: Lyophilized... |
| Purity                     | Purified by ammonium sulphate precipitation and ion exchange chromatography.                                                                                                                                                                                   |
| Form                       | Supplied as a lyophilized powder from PBS, pH 7.2. No preservatives added. Labeled with Biotin. Reconstitute with 1ml sterile ddH <sub>2</sub> O.                                                                                                              |
