| Application                | ELISA                                                                                                                                                                                                                                                        |
| Immunogen                  | Recombinant human VEGF                                                                                                                                                                                                                                       |
| Product Description        | VEGF (Vascular Endothelial Growth Factor) is a homodimeric, disulfide-linked glycoprotein involved in angiogenesis which promotes tumor progression and metastasis. It exhibits potent mitogenic and permeability inducing properties specific for the va... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                   |
| Clone Designation          | [9F650]                                                                                                                                                                                                                                                      |
| Isotype                    | IgG1                                                                                                                                                                                                                                                         |
| Purity                     | Purified by Protein G affinity chromatography.                                                                                                                                                                                                               |
| Form                       | Supplied as a liquid in 0.1M Tris-HCl, pH 7.5.                                                                                                                                                                                                               |
