## Product Datasheet

### **ARNT recombinant monoclonal antibody, clone 2F11, Clone: [2F11], Monoclonal ABN-RAB08199**

|                            |                                                                                      |
|----------------------------|--------------------------------------------------------------------------------------|
| Article Name               | ARNT recombinant monoclonal antibody, clone 2F11, Clone: [2F11], Monoclonal          |
| Biozol Catalog Number      | ABN-RAB08199                                                                         |
| Supplier Catalog Number    | RAB08199                                                                             |
| Alternative Catalog Number | ABN-RAB08199-50                                                                      |
| Manufacturer               | Abnova                                                                               |
| Category                   | Antikörper                                                                           |
| Application                | ELISA, IHC, IP, WB                                                                   |
| Species Reactivity         | Human                                                                                |
| Immunogen                  | Original antibody is raised against a synthetic peptide corresponding to human ARNT. |
| Product Description        | Rabbit recombinant monoclonal antibody raised against human ARNT....                 |
| Clonality                  | Monoclonal                                                                           |
| Clone Designation          | [2F11]                                                                               |
| UniProt                    | 405                                                                                  |
| Buffer                     | In PBS, pH7.4 (150mM NaCl, 50% glycerol and 0.02% sodium azide)                      |
| Form                       | Liquid                                                                               |
| Target                     | ARNT                                                                                 |

|                    |                                                                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | ELISAImmunohistochemistry (1:50-1:200)Immunoprecipitation (1:200-1:1000)Western Blot (1:500-1:5000)The optimal working dilution should be determined by the end user. |
