| Article Name               | Anti-FGF1 Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                                                                |
| Biozol Catalog Number      | BOB-PB9944-PE                                                                                                                                                |
| Supplier Catalog Number    | PB9944-PE                                                                                                                                                    |
| Alternative Catalog Number | BOB-PB9944-PE-100UG                                                                                                                                          |
| Manufacturer               | Boster Bio                                                                                                                                                   |
| Host                       | Rabbit                                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                                   |
| Application                | FC                                                                                                                                                           |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                            |
| Immunogen                  | E. coli-derived human FGF1 recombinant protein (Position: F16-D155). Human FGF1 shares 96.4% amino acid (aa) sequence identity with both mouse and rat FGF1. |
| Clonality                  | Polyclonal                                                                                                                                                   |
| Molecular Weight           | Calculated Molecular Weight: 17460 MW                                                                                                                        |
| NCBI                       | <a href="#">2246</a>                                                                                                                                         |
| UniProt                    | <a href="#">P05230</a>                                                                                                                                       |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                  |
| Purity                     | Immunogen affinity purified.                                                                                                                                 |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | Fibroblast growth factor 1                                           |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
