| Article Name               | Anti-GIP Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal                                                                                         |
| Biozol Catalog Number      | BOB-PB9947-FLUORO647                                                                                                                                        |
| Supplier Catalog Number    | PB9947-Fluoro647                                                                                                                                            |
| Alternative Catalog Number | BOB-PB9947-FLUORO647-100UG                                                                                                                                  |
| Manufacturer               | Boster Bio                                                                                                                                                  |
| Host                       | Rabbit                                                                                                                                                      |
| Category                   | Antikörper                                                                                                                                                  |
| Application                | FC                                                                                                                                                          |
| Species Reactivity         | Mouse, Rat                                                                                                                                                  |
| Immunogen                  | E. coli-derived mouse GIP recombinant protein (Position: Y44-Q85).<br>Mouse GIP shares 92.9% amino acid (aa) sequence identity with both human and rat GIP. |
| Clonality                  | Polyclonal                                                                                                                                                  |
| Molecular Weight           | Calculated Molecular Weight: 16389 MW                                                                                                                       |
| NCBI                       | <a href="#">14607</a>                                                                                                                                       |
| UniProt                    | <a href="#">P48756</a>                                                                                                                                      |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                 |
| Purity                     | Immunogen affinity purified.                                                                                                                                |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | Gastric inhibitory polypeptide                                       |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
