| Article Name               | Anti-SLK Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                                                                                  |
| Biozol Catalog Number      | BOB-A01614-2-PE                                                                                                                                                               |
| Supplier Catalog Number    | A01614-2-PE                                                                                                                                                                   |
| Alternative Catalog Number | BOB-A01614-2-PE-100UG                                                                                                                                                         |
| Manufacturer               | Boster Bio                                                                                                                                                                    |
| Host                       | Rabbit                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                    |
| Application                | FC                                                                                                                                                                            |
| Species Reactivity         | Human, Mouse                                                                                                                                                                  |
| Immunogen                  | E.coli-derived human SLK recombinant protein (Position: E328-S1232). Human SLK shares 78.2% and 72.1% amino acid (aa) sequence identity with mouse and rat SLK, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                    |
| Molecular Weight           | Calculated Molecular Weight: 52588 MW                                                                                                                                         |
| NCBI                       | <a href="#">9748</a>                                                                                                                                                          |
| UniProt                    | <a href="#">Q9H2G2</a>                                                                                                                                                        |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                   |
| Purity                     | Immunogen affinity purified.                                                                                                                                                  |

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Form               | Liquid                                                               |
| Target             | STE20-like serine/threonine-protein kinase                           |
| Application Dilute | Flow Cytometry, Optimal dilutions should be determined by end users. |
