Product Datasheet

Human Somatostatin (SST) ELISA Kit BYT-ORB1807101

Article Name	Human Somatostatin (SST) ELISA Kit
Biozol Catalog Number	BYT-ORB1807101
Supplier Catalog Number	orb1807101
Alternative Catalog Number	BYT-ORB1807101-48,BYT-ORB1807101-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Human
Product Description	Human Somatostatin (SST) ELISA Kit...
Range	7.82-500pg/mL
Sensitivity	3.1 pg/mL
UniProt	P61278
Samples	serum, plasma, Tissue homogenate and Other biological samples
Target	SST

Application Notes

Application Notes: This ELISA kit uses the Competitive-ELISA principle. The micro ELISA plate provided in this kit has been pre-coated with Human SST. During the reaction, Human SST in the sample or standard competes with a fixed amount of Human SST on the solid phase supporter for sites on the Biotinylated Detection Ab specific to Human SST. Excess conjugate and unbound sample or standard are washed away, and Avidin-Horseradish Peroxidase (HRP) conjugate are added to each micro plate well and incubated. Then a TMB substrate solution is added to each well. The enzyme-substrate reaction is terminated by the addition of stop solution and the color turns from blue to yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm \pm 2 nm. The concentration of Human SST in tested samples can be calculated by comparing the OD of the samples to the standard curve
