Product Datasheet

Human Angiotensin II (Ang-II) ELISA Kit BYT-ORB1807124

Article Name	Human Angiotensin II (Ang-II) ELISA Kit
Biozol Catalog Number	BYT-ORB1807124
Supplier Catalog Number	orb1807124
Alternative Catalog Number	BYT-ORB1807124-48,BYT-ORB1807124-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Human
Product Description	Human Angiotensin II (Ang-II) ELISA Kit...
Range	31.25-2000pg/mL
Sensitivity	13.7 pg/mL
UniProt	P01019
Samples	serum, plasma, Tissue homogenate and Other biological samples
Target	AngII

Application Notes

Application Notes: This ELISA kit uses the Competitive-ELISA principle. The micro ELISA plate provided in this kit has been pre-coated with Human Ang-II. During the reaction, Human Ang-II in the sample or standard competes with a fixed amount of Human Ang-II on the solid phase supporter for sites on the Biotinylated Detection Ab specific to Human Ang-II. Excess conjugate and unbound sample or standard are washed away, and Avidin-Horseradish Peroxidase (HRP) conjugate are added to each micro plate well and incubated. Then a TMB substrate solution is added to each well. The enzyme-substrate reaction is terminated by the addition of stop solution and the color turns from blue to yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm \pm 2 nm. The concentration of Human Ang-II in tested samples can be calculated by comparing the OD of the samples to the standard curve
