Product Datasheet

Human Neuronal Pentraxin 2 (NPTX2) ELISA Kit BYT-ORB1948331

Article Name	Human Neuronal Pentraxin 2 (NPTX2) ELISA Kit
Biozol Catalog Number	BYT-ORB1948331
Supplier Catalog Number	orb1948331
Alternative Catalog Number	BYT-ORB1948331-48,BYT-ORB1948331-96
Manufacturer	Biorbyt
Category	Kits/Assays
Species Reactivity	Human
Product Description	Human Neuronal Pentraxin 2 (NPTX2) ELISA Kit...
Range	0.16-10ng/mL
Sensitivity	0.1 ng/mL
UniProt	P47972
Samples	Tissue homogenate
Target	NPTX2

Application Notes

Application Notes: This ELISA kit uses the Sandwich-ELISA principle. The micro ELISA plate provided in this kit has been pre-coated with an antibody specific to Human NPTX2. Standards or samples are added to the micro ELISA plate wells and combined with the specific antibody. Then a biotinylated detection antibody specific for Human NPTX2 and Avidin-Horseradish Peroxidase (HRP) conjugate are added successively to each micro plate well and incubated. Free components are washed away. The substrate solution is added to each well. Only those wells that contain Human NPTX2, biotinylated detection antibody and Avidin-HRP conjugate will appear blue in color. The enzyme-substrate reaction is terminated by the addition of stop solution and the color turns yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm. The OD value is proportional to the concentration of Human NPTX2. You can calculate the concentration of Human NPTX2 in the samples by comparing the OD of the samples to the standard curve
