| Supplier Catalog Number    | orb1173793                                                                                                                                                                                       |
| Alternative Catalog Number | BYT-ORB1173793-10,BYT-ORB1173793-50,BYT-ORB1173793-100                                                                                                                                           |
| Manufacturer               | Biorbyt                                                                                                                                                                                          |
| Category                   | Proteine/Peptide                                                                                                                                                                                 |
| Species Reactivity         | Human                                                                                                                                                                                            |
| Conjugation                | Unconjugated                                                                                                                                                                                     |
| Product Description        | Recombinant human TIM1 protein with C-terminal 6*His tag...                                                                                                                                      |
| Molecular Weight           | The protein has a predicted molecular mass of 30.3 kDa after removal of the signal peptide. The apparent molecular mass of TIM1-His is approximately 100-130 kDa due to glycosylation.           |
| UniProt                    | <a href="#">Q96D42</a>                                                                                                                                                                           |
| Buffer                     | Lyophilized from sterile PBS, pH 7.4. Normally 5 % - 8% trehalose is added as protectants before lyophilization. Please see Certificate of Analysis for specific instructions.                   |
| Purity                     | The purity of the protein is greater than 85% as determined by SDS-PAGE and Coomassie blue staining.                                                                                             |
| Form                       | Lyophilized from sterile PBS, pH 7.4. Normally 5 % - 8% trehalose is added as protectants before lyophilization. Please see Certificate of Analysis for specific instructions of reconstitution. |
