| Species Reactivity         | Mouse, Rat                                                                                                                                                              |
| Immunogen                  | KLH conjugated synthetic peptide derived from human FGGY (151-250/551aa)                                                                                                |
| Conjugation                | Cy3                                                                                                                                                                     |
| Product Description        | FGGY Rabbit Polyclonal Antibody (Cy3) is a Cy3 conjugated antibody targeting FGGY. This antibody is suitable for IF. It exhibits reactivity with Mouse, Rat samples.... |
| Clonality                  | Polyclonal                                                                                                                                                              |
| Concentration              | 1mg/ml                                                                                                                                                                  |
| Buffer                     | 0.01M TBS (pH7.4) with 1% rAlbumin, 0.02% Proclin300 and 50% Glycerol.                                                                                                  |
| Target                     | FGGY                                                                                                                                                                    |
