| Category                   | Antikörper                                                                                                                                                                                       |
| Application                | IHC, WB                                                                                                                                                                                          |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                |
| Immunogen                  | Peptide sequence around aa.867~871 (K-E-Y-H-A) derived from Human EGFR.                                                                                                                          |
| Product Description        | Receptor for EGF, but also for other members of the EGF family, as TGF- $\alpha$ , amphiregulin, betacellulin, heparin-binding EGF-like growth factor, GP30 and vaccinia virus growth factor.... |
| Clonality                  | Polyclonal                                                                                                                                                                                       |
| NCBI                       | <a href="#">1956</a>                                                                                                                                                                             |
| UniProt                    | <a href="#">P00533</a>                                                                                                                                                                           |
| Form                       | Purified                                                                                                                                                                                         |
| Target                     | EGFR (Ab-869)                                                                                                                                                                                    |

|                    |                                                                                          |
|--------------------|------------------------------------------------------------------------------------------|
| Application Dilute | Predicted MW: 175kd, Western blotting: 1:500~1:1000,<br>Immunohistochemistry: 1:50~1:100 |
