| Immunogen                  | Peptide sequence around aa. 725-729(T-G-S-I-D) derived from Rat Tau                                                                                                                                                                                           |
| Product Description        | Promotes microtubule assembly and stability, and might be involved in the establishment and maintenance of neuronal polarity. The C-terminus binds axonal microtubules while the N-terminus binds neural plasma membrane components, suggesting that tau f... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
