## Product Datasheet

### **MonoMethyl-Histone H3-K79 Rabbit pAb, Unconjugated ABB-A2367**

|                            |                                                                                 |
|----------------------------|---------------------------------------------------------------------------------|
| Article Name               | MonoMethyl-Histone H3-K79 Rabbit pAb, Unconjugated                              |
| Biozol Catalog Number      | ABB-A2367                                                                       |
| Supplier Catalog Number    | A2367                                                                           |
| Alternative Catalog Number | ABB-A2367-20UL, ABB-A2367-100UL                                                 |
| Manufacturer               | ABclonal                                                                        |
| Host                       | Rabbit                                                                          |
| Category                   | Antikörper                                                                      |
| Application                | ChIP, ELISA, IF, IHC-P, WB                                                      |
| Species Reactivity         | Human                                                                           |
| Immunogen                  | Synthetic peptide. This information is considered to be commercially sensitive. |
| Conjugation                | Unconjugated                                                                    |
| Molecular Weight           | 15 kDa                                                                          |
| NCBI                       | <a href="#">8290</a>                                                            |
| UniProt                    | <a href="#">Q16695</a>                                                          |
| Purity                     | Affinity purification                                                           |

|                    |                                                                                                                                                                                                                                                              |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | WB,1:500 - 1:1000 IHC-P,1:50 - 1:200 IF/ICC,1:50 - 1:200 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. ChIP,6µg antibody for 5µg-10µg of Chromatin ChIP-seq,1:20 - 1:100 |
| Application Notes  | Cross-Reactivity: Human,Mouse,Rat,Other (Wide Range Predicted).<br>ResearchArea: Epigenetics Nuclear Signaling,Protein phosphorylation,Signal Transduction,MAPK-Erk Signaling Pathway.<br>Shipping: Ice Bag                                                  |
