| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                                         |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Mannanbinding lectinassociated serine protease 2 (MASP2) is a member of the lectin pathway of complement and is one of two splice products from the MASP2 gene. The protein is secreted from the liver as a zymogenic protein consisting of 671 residues a... |
| Molecular Weight           | 45.4 kDa                                                                                                                                                                                                                                                      |
| Tag                        | C-10*His                                                                                                                                                                                                                                                      |
| NCBI                       | <a href="#">91</a>                                                                                                                                                                                                                                            |
| Buffer                     | 50 mM Tris, 0.3 M Arginine, 0.5 M NaCl, pH8.0                                                                                                                                                                                                                 |
| Purity                     | 95%                                                                                                                                                                                                                                                           |
| Form                       | Liquid                                                                                                                                                                                                                                                        |
