## Product Datasheet

### Sheep anti Rabbit L-Lactic dehydrogenase LDH-5 (M4) isozyme, Clone: [Polyclonal], Monoclonal NMB-NE094/7S

|                            |  |
|----------------------------|--|
| Article Name               | Sheep anti Rabbit L-Lactic dehydrogenase LDH-5 (M4) isozyme, Clone: [Polyclonal], Monoclonal   |
| Biozol Catalog Number      | NMB-NE094/7S   |
| Supplier Catalog Number    | NE094/7S   |
| Alternative Catalog Number | NMB-NE094/7S   |
| Manufacturer               | NordicMubio  |
| Host                       | Sheep  |
| Category                   | Antikörper   |
| Product Description        | The reagents were evaluated for potency, purity and specificity using most or all of the following techniques: immunoelectrophoresis, cross-immunoelectrophoresis, single radial immunodiffusion (Ouchterlony), block titration, ELISA, immunoblotting and...  |
| Clonality                  | Monoclonal   |
| Clone Designation          | [Polyclonal]   |
| NCBI                       | <a href="#">100009107</a>  |
| UniProt                    | <a href="#">P13491</a>   |
| Buffer                     | Purified hyperimmune sheep IgG lyophilised from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity. No foreign protein added. It is reconstituted by adding 1.0 ml sterile distilled |

|                   |   |
|-------------------|---|
| Source            | L-Lactic dehydrogenase, LDH-5(M4) isoenzyme, isolated and purified from rabbit muscle. Freund's complete adjuvant is used in the first step of the immunization procedure.                              |
| Formula           | Purified hyperimmune sheep IgG lyophilised from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity. No foreign protein added. |
| Application Notes | Indirect immunofluorescence, ELISA, Dot blot, Immunoblotting.   |
