| Format                     | IgG                                                                                                                                                                                                       |
| Target Specificity         | IgG (H+L)                                                                                                                                                                                                 |
| Cross-Adsorption (MinX)    | Human                                                                                                                                                                                                     |
| Product Description        | Goat Anti-Mouse IgG(H+L)-Biotin antibody with minimal reactivity to human proteins for use in ELISA, flow cytometry, immunohistochemistry / immunocytochemistry, western blotting, and ELISpot assays.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                |
| Isotype                    | IgG                                                                                                                                                                                                       |
