| Article Name               | Anti-Hu TCR Vbeta5.3-related Purified Low Endotoxin, Clone: [MEM-262], Monoclonal |
| Biozol Catalog Number      | EXB-12-379-C100                                                                   |
| Supplier Catalog Number    | 12-379-C100                                                                       |
| Alternative Catalog Number | EXB-12-379-C100                                                                   |
| Manufacturer               | EXBIO                                                                             |
| Category                   | Antikörper                                                                        |
| Application                | FA, FC, IP, WB                                                                    |
| Species Reactivity         | Human                                                                             |
| Immunogen                  | Human thymoma cell line HPB-ALL.                                                  |
| Clonality                  | Monoclonal                                                                        |
| Concentration              | 1 mg/ml                                                                           |
| Clone Designation          | [MEM-262]                                                                         |
| Isotype                    | Mouse IgG2a                                                                       |
| Buffer                     | Phosphate buffered saline (PBS), pH 7.4                                           |
| Storage                    | 2°C to 8°C                                                                        |
| Target                     | TCR Vbeta5.3-related                                                              |
| Antibody Type              | Monoclonal Antibody                                                               |

|                   |                                                                                                                                                                                                                                                            |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes | Western blotting: This antibody uniquely recognizes denatured TCR beta chains under the conditions of Western blotting. Functional application: This antibody activates T cells (V beta 5-related subset). Flow cytometry: Recommended dilution: 1-4 µg/ml |
