## Product Datasheet

### Thioridazine Hydrochloride, CAS [[130-61-0]] LKT-T2936

|                            |                                                                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Article Name               | Thioridazine Hydrochloride, CAS [[130-61-0]]                                                                                                                    |
| Biozol Catalog Number      | LKT-T2936                                                                                                                                                       |
| Supplier Catalog Number    | T2936                                                                                                                                                           |
| Alternative Catalog Number | LKT-T2936-500,LKT-T2936-5,LKT-T2936-25                                                                                                                          |
| Manufacturer               | LKT Labs                                                                                                                                                        |
| Category                   | Biochemikalien                                                                                                                                                  |
| Product Description        | Piperadine phenothiazine, FIASMA, D1-5, histamine H1/2, M1-5 mAChR, 5-HT1/2/5/6/7, alpha1/2-adrenergic antagonist, NET inhibitor, hERG K+ channel inhibitor.... |
| Molecular Weight           | 407.04                                                                                                                                                          |
| Purity                     | 98%                                                                                                                                                             |
| CAS Number                 | [130-61-0]                                                                                                                                                      |
| Formula                    | C21H26N2S2 HCl                                                                                                                                                  |
