| Conjugation                | PE                                                                                                                                                                                                                                                            |
| Product Description        | CD318 (CUB domain containing protein 1) is a complement domains-containing transmembrane glycoprotein, which takes part in early hematopoiesis. It is expressed on CD34+CD133+ bone marrow cells, keratinocytes, and in human colorectal and breast cancer... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.1 mg/ml                                                                                                                                                                                                                                                     |
| Clone Designation          | [CUB1]                                                                                                                                                                                                                                                        |
| Isotype                    | Mouse IgG2b                                                                                                                                                                                                                                                   |
| Buffer                     | Stabilizing phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                                                       |

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Target            | CD318                                           |
| Antibody Type     | Monoclonal Antibody                             |
| Application Notes | Flow cytometry: Recommended dilution: 1-4 µg/ml |
