| Species Reactivity         | Virus                                                                                                                                                                                                                                                         |
| Product Description        | This antibody was prepared by the humanization of an F protein-specific murine MAb, RSV19. More specifically, molecular techniques were used to insert the complementarity determining regions from murine RSV19 into a human IgG1 heavy and k light chain... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [RSHZ19 Felvizumab]                                                                                                                                                                                                                                           |
| Isotype                    | IgG                                                                                                                                                                                                                                                           |
| Buffer                     | PBS with 0.02% Proclin 300.                                                                                                                                                                                                                                   |
| Source                     | Human                                                                                                                                                                                                                                                         |
