| Category                   | Antikörper                                                                                                                                                                                                                           |
| Conjugation                | hrp                                                                                                                                                                                                                                  |
| Product Description        | Chicken anti-mouse IgG (H&L),HRP conjugated, is a secondary antibody which binds to mouse IgGs in immunological assays. Antibodies are adsorbed against human,rabbit IgG/serum and affinity purified using solid phase mouse IgG.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                           |
| Purity                     | Immunogen affinity purified IgY.                                                                                                                                                                                                     |
| Form                       | Lyophilized                                                                                                                                                                                                                          |
| Antibody Type              | Polyclonal Antibody                                                                                                                                                                                                                  |
| Application Dilute         | The optimal working dilution should be determined by the investigator                                                                                                                                                                |

Application Notes

For reconstitution add 0,55 ml of sterile water, Let it stand 30 minutes at room temperature to dissolve, Prepare fresh working dilutions daily
