| Biozol Catalog Number      | AGR-AS13-2665                                                                                                                                                          |
| Supplier Catalog Number    | AS13-2665                                                                                                                                                              |
| Alternative Catalog Number | AGR-AS13-2665                                                                                                                                                          |
| Manufacturer               | Agrisera                                                                                                                                                               |
| Host                       | Rabbit                                                                                                                                                                 |
| Category                   | Antikörper                                                                                                                                                             |
| Application                | IHC, WB                                                                                                                                                                |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                      |
| Immunogen                  | KDEL containing peptide                                                                                                                                                |
| Product Description        | KDEL (lys-asp-glu-leu) is a C-terminal protein involved in the endoplasmic reticulum retention system and appears to be sufficient to reduce secretion from the ER.... |
| Clonality                  | Polyclonal                                                                                                                                                             |
| Purity                     | Total IgG. Protein A purified in PBS pH 7.2. Contains 50% glycerol and 0.09% sodium azide.                                                                             |
| Form                       | Liquid                                                                                                                                                                 |
| Antibody Type              | Polyclonal Antibody                                                                                                                                                    |
| Application Dilute         | 1 : 1000 (WB)                                                                                                                                                          |

|                   |                                                                  |
|-------------------|------------------------------------------------------------------|
| Application Notes | Immunohistochemistry, paraffin-embedded (IHC), Western blot (WB) |
