| Article Name               | Anti-Ara h 6   Conglutin allergen Ara h 6, Rabbit, Polyclonal                        |
| Biozol Catalog Number      | AGR-AS19-4342                                                                        |
| Supplier Catalog Number    | AS19-4342                                                                            |
| Alternative Catalog Number | AGR-AS19-4342                                                                        |
| Manufacturer               | Agrisera                                                                             |
| Host                       | Rabbit                                                                               |
| Category                   | Antikörper                                                                           |
| Application                | ELISA                                                                                |
| Species Reactivity         | Plant                                                                                |
| Immunogen                  | Recombinant peanut Conglutin protein, amino acids 22-145, Uniprot: Q647G9            |
| Product Description        | Conglutin (allergen Ara h 6) causes allergic reaction in humans and binds to IgE.... |
| Clonality                  | Polyclonal                                                                           |
| UniProt                    | <a href="#">Q647G9</a>                                                               |
| Purity                     | >95%, Protein G purified to a total immunoglobulin G fraction.                       |
| Form                       | Liquid                                                                               |
| Antibody Type              | Polyclonal Antibody                                                                  |
| Application Dilute         | to be determined by end user                                                         |
